- Adding or modifying the Academic Term may require prior HLC approval. Details about HLC's policies and procedures related to institutional change can be found on HLC's [website](#).
- Institutions are required to disclose to HLC if another recognized accrediting agency has placed the institution on a sanction or Probation, or if it has been subject to Adverse Action, including the denial of accreditation or withdrawal of accreditation. HLC policy requires disclosures to be made regarding such actions from any accrediting agency that is recognized by the U.S. Department of Education and/or Council on Higher Education Accreditation (CHEA). HLC is displaying data based on information received from either the institution or the agency, regardless of status. This list may be incomplete.
- If the institution is on a sanction or Probation with a recognized agency that is not listed, if the institution has been subject to Adverse Action from another recognized accrediting agency that is not listed, or if the standing displayed with an agency is not correct, please contact HLC directly at legalaffairs@hlcommission.org. In the correspondence, please include a copy of the most recent Action Letter from the agency and the change being requested. Institutions do not need to report additional accreditation relationships that are not displayed if the institution is in good standing with the agency. An end date is only displayed if HLC has a record of the institution's accreditation relationship with the listed agency having ceased.
- Check with your registrar or financial aid officer for assistance in completing the section on **Title IV Financial Aid**. Also see the Federal Compliance Program Guide on HLC's [website](#).
 - Adding or modifying **Clock or Credit Hours** may require prior HLC approval. Details about HLC's policies and procedures related to institutional change can be found on HLC's [website](#).

Such programs might include teacher education, nursing, or other programs in licensed fields.

Instructions

- Review your institution's distance and/or correspondence education stipulation and confirm that you have reviewed that information. Accreditation Liaison Officers can request the Institutional Status and Requirements (ISR) report to review all stipulations.
- If the distance and/or correspondence education stipulation is not correct, contact changerequests@hlcommission.org.
- **Looking Ahead:** In an effort to present a more complete picture of the offerings at member institutions, HLC is exploring the feasibility of collecting information regarding the institutional program offerings and publishing them in the Institutional Status and Requirements (ISR) Report. More information about this project will be available in the coming years.

Distance-delivered Courses

Distance delivered courses are those in which all or the vast majority (typically 75% or more) of the instruction and interaction occurs via electronic communication, correspondence, or equivalent mechanisms, with the faculty and students physically separated from each other.

Distance-delivered Programs

Distance-delivered programs are those certificates or degree programs in which 50% or more of the required courses may be taken as distance-delivered courses.

Federal Definition for Correspondence Education

Correspondence education means (1) Education provided through one or more courses by an institution under which the institution provides instructional materials, by mail or electronic transmission, including examinations on the materials, to students who are separated from the instructor. (2) Interaction between the instructor and the student is limited, is not regular and substantive, and is primarily initiated by the student. (3) Correspondence courses are typically self-paced. (4) Correspondence education is not distance education.

Federal Definition for Distance Education

Distance education means education that uses one or more of the following technologies (i) to deliver instruction to students who are separated from the instructor; and (ii) to support regular and substantive interaction between the students and the instructor, either synchronously or asynchronously. The technologies used may include: (i) the internet; (ii) one way and two way transmission through open broadcast, closed circuit cable, microwave, broadband lines, fiber optics, satellite, or wireless communication devices; (iii) audioconferencing; or (iv) videocassettes, DVDs, and CD-Roms, if the videocassettes, DVDs or CD-Roms are used in conjunction with any of the above technologies listed in clauses (i) through (iii).

Distance Education and Correspondence Education Stipulation

Approval for distance education is limited to courses. The institution has not been approved for correspondence education.

I have reviewed the distance and/or correspondence education stipulation. If incorrect, contact changerequests@hlcommission.org.

Branch Campuses

Instructions

To ensure that students off campus have consistent access to Title IV federal student aid, institutions should work closely with their financial aid offices to make certain that information about off-campus operations is consistently reported to the U.S. Department of Education (USDE) and to HLC. HLC does not approve branch campuses or additional locations retroactively; therefore it is very important for institutions and the students they serve that institutions are very careful to seek approval well before any students matriculate at a new or relocated campus or additional location.

- A branch campus is "a location of an institution that is geographically apart and independent of the main campus of the institution". HLC considers a location of an institution to be independent of the main campus if the location:
 - Is permanent in nature.
 - Offers courses in educational programs leading to a degree, certificate, or other recognized educational credential.
 - Has its own faculty and administrative or supervisory organization.
 - Has its own budgetary and hiring authority.
 - A branch campus must have all four of these attributes.
- Log in to the HLC's [Location & Campus Update System](#) to update the information on your institution's branch campuses.
 - Enter a head count range for each branch campus based on the actual or anticipated enrollment for the current year.
 - Adding or modifying a branch campus requires prior HLC approval. Details about the HLC's policies and procedures related to institutional change can be found on the [website](#).
 - The institution's locations should be reported the same to the U.S. Department of Education and HLC.

Please Note: Branch Campuses and Additional Locations Dues Calculation

- This information is used to calculate your institution's HLC membership dues. HLC will calculate your institution's dues based on the number of branch campuses and additional locations identified at the time of the Institutional Update submission. Adjustment to the dues will NOT be made based on changes that occur after the Institutional Update submission yet before the dues invoice is mailed in July.

If you have additional questions, please review the [Help page](#) (see the question mark icon in the upper right-hand corner). You may also contact HLC by selecting the envelope icon.

HLC does not approve branch campuses or additional locations retroactively; therefore, it is important that institutions seek approval well before any students matriculate at a new or relocated campus or additional location.

- An additional location is defined as a place, geographically separate from any main or branch campus, where instruction takes place and students can do one or more of the following:
 - Complete 50 percent or more of the courses leading to a degree program.
 - Complete a full degree program.
 - Complete 50 percent or more of the courses leading to a Title IV eligible certificate.
 - Complete a degree program that they began at another institution even if the degree completion program provides less than 50 percent of the courses leading to a degree program.
 - There is no base or threshold number of students or distance from the campus necessary for a facility to qualify as an additional location under this definition. An additional location may have five students or 500 students; it might be five miles or 500 miles from the main or other campus.
 - An additional location typically does not have a full range of administrative and student services staffed by the facilities personnel; such services may be provided from the main campus or another campus.
 - A facility may provide access to instruction requiring students to be present at a physical location that receives interactive TV, video, or online teaching. It is considered an additional location when 50 percent or more of a distance delivery program is available through one or more of these modalities at that facility.
- Log in to the HLC's [Location & Campus Update System](#) to update the information on your institution's additional locations.

Contractual Arrangements

Instructions

All arrangements previously approved are displayed. Please verify that data shown are correct.

- You will need to assure all contractual arrangements meet the following definition:
 - The contractual partner is not accredited by a recognized accreditor
 - The contractual partner provides a percentage of the academic content of one or more degree programs of Title IV eligible certificate programs
 - The contractual partner provides academic content not just a course delivery platform
 - Your institution issues the degree or certificate for these programs
- Adding or modifying a contractual arrangement may require prior HLC approval. Details about HLC's policies and procedures related to institution change can be found on HLC's [website](#).

Contractual Arrangements

The initiation, modification or renewal of a contractual or other arrangement wherein an institution outsources some portion of one or more of its educational programs (including instruction, oversight of the curriculum, assurance of the consistency in the level and quality of instruction and in expectations of student performance and/or the establishment of the academic qualifications for instructional personnel) to any of the following parties: an unaccredited institution; an institution that is not accredited by an accreditor recognized by the U.S. Department of Education; or a corporation or other entity.

If you have additional questions, please review the [Help page](#) (see the question mark icon in the upper right-hand corner). You may also contact HLC by selecting the envelope icon.

Consortial Arrangements

Instructions

All arrangements previously reported are displayed. Please verify that data shown are correct. (Please note: HLC requires no reporting of a consortial arrangement if 24% or less of the credits in a degree or certificate program are coming from the consortial partner(s). These arrangements are not displayed.)

- You will need to assure that the consortial arrangements meet this definition:
 - The participating organization(s) are accredited by an agency that is recognized by the U.S. Department of Education as an institutional accreditor whose scope of recognition includes the accreditation of degree-granting institutions and covers the full range of academic degrees potentially offered by the institution. By being recognized by the U.S. Department of Education as a gatekeeper agency, the accreditor fulfills specific, federally defined responsibilities within the accreditation process.
 - The participating organization(s) provide 50% or more of the academic content of one or more degree programs or Title IV eligible certificate programs.
 - Your institution issues the degree or certificate for these programs.
- Adding or modifying a consortial arrangement may require prior HLC approval. Details about HLC's policies and procedures related to institutional change can be found on HLC's [website](#).

Consortial Arrangements

The initiation, modification or renewal of a consortial or other arrangement wherein a consortium of institution(s) accredited by an accreditor recognized by the U.S. Department of Education provides a significant portion of the academic program.

If you have additional questions, please review the [Help page](#) (see the question mark icon in the upper right-hand corner). You may also contact HLC by selecting the envelope icon.
