Undeclared Major

Reviewed/Updated Date: March 8, 2022

Approved by: Administrative Council

Responsible Official: SSS

Original Policy Statement

N/A

Proposed Policy Statement

For various reasons it may be impossible or inappropriate for a student to declare a major. All students will receive advisement in the area most closely related to their interests and abilities. An individual who has not yet selected major may enroll in general education courses under Liberal & Sciences as Undeclared.

Students who are "Degree-Seeking Undeclared" will not be audited for graduation and may take longer to earn a degree or certificate based on a declaration of a major. Each semester, the student will reevaluate with their advisor and will update their major if they so choose. Students who have left and wish to return should follow the readmission policy.
