

Memorandum of Understanding

between

Donnelly College

Associates to Bachelors Completion (ABC) Program

and

Kansas City Kansas Community College

INTRODUCTION

Donnelly College's Associates to Bachelors Completion (ABC) Program is designed to allow students the opportunity to reduce their cost of education while completing a high quality and very flexible bachelor's degree. The ABC program is designed to provide more than a transfer agreement between Donnelly College and Kansas City Kansas Community College (KCKCC), rather, it serves as the foundation of our joint commitment to serve higher education needs in our community.

Donnelly and KCKCC enter this agreement in formal recognition of the ABC Program as an instrument through which students may make a seamless transition from KCKCC to Donnelly College, as well as developing an opportunity for students to return to KCKCC from Donnelly for courses as needed in completion of their bachelor's degree.

TRANSFER PROCESS

Students with Earned Associates Degrees from KCKCC

Students who earn Associate in Applied Science (AAS), Associate of Arts (AA), or Associate of Science (AS) degree from KCKCC will have their degree accepted in its entirety toward a bachelor's degree at Donnelly College. Students may remain or return to KCKCC to complete the following:

- AAS students may complete the course requirements to earn an AA or AS from KCKCC and transfer up to 79 hours of lower-level course work.
- AA and AS students may complete the coursework for a minimum 30 credit-hour concentration, as defined in the current KCKCC catalog, for the Bachelor of Applied Science (BAS) degree, fulfill a two-semester foreign language requirement for the Bachelor of Arts (BA) degree, and/or complete elective hours and transfer a total of 79 hours of lower-level course work.

All concentrations, consisting of a minimum of 30 credit-hours, as defined in the current KCKCC catalog, awarded by KCKCC will be recognized as concentrations within the BAS degree at Donnelly College.

Students without Associates Degree Transferring from KCKCC

KCKCC students transferring to Donnelly College under the ABC Program will have their course work evaluated for equivalency to Donnelly College associate degree requirements. Students transferring courses without a degree from KCKCC will transfer only 100 level and above with a grade of “C- or better” up to a total of 79 hours.

Upon completion of transfer to Donnelly College, students must fulfill the degree requirements as outlined in the Donnelly College Catalog at the time of the transfer.
