**Johnson County Community College**

### **INTRODUCTION**

Donnelly College's Associates to Bachelors Completion (ABC) Program is designed to allow students the opportunity to reduce their cost of education while completing a high quality and very flexible bachelor's degree. The ABC program is designed to provide more than a transfer agreement between Donnelly College and Johnson County Community College (JCCC), rather, it serves as the foundation of our joint commitment to serve higher education needs in our community.

Donnelly and JCCC enter this agreement in formal recognition of the ABC Program as an instrument through which students may make a seamless transition from JCCC to Donnelly College, as well as developing an opportunity for students to return to JCCC from Donnelly for courses as needed in completion of their bachelor's degree.

### **TRANSFER PROCESS**

#### **Students with Earned Associates Degrees from JCCC**

Students who earn Associate in Applied Science (AAS), Associate of Arts (AA), Associate of General Studies (AGS), or Associate of Science (AS) degree from JCCC will have their degree accepted in its entirety toward a bachelor's degree at Donnelly College. Students may remain or return to JCCC to complete the following:

- AAS or AGS students may complete the course requirements to earn an AA or AS from JCCC and transfer up to 79 hours of lower-level course work.
- AA and AS students may complete the coursework for a minimum 30 credit-hour concentration for the Bachelor of Applied Science (BAS) degree, fulfill a two-semester foreign language requirement for the Bachelor of Arts (BA) degree, and/or complete elective hours and transfer a total of 79 hours of lower-level course work.

All concentrations, consisting of a minimum of 30 credit-hours, awarded by JCCC will be recognized as concentrations within the BAS degree at Donnelly College.

## **Students without Associates Degree Transferring from JCCC**

JCCC students transferring to Donnelly College under the ABC Program will have their course work evaluated for equivalency to Donnelly College associate degree requirements. Students transferring courses without a degree from JCCC will transfer only 100 level and above with a grade of "C- or better" up to a total of 79 hours.
